Sorögatan 29

The work with restoring the stairwell at Sorögatan 29 has begun. The elevator shaft has almost been torn down and the procurement of the other construction work is under way.

This will require a large effort from the board, to enable moving in as soon as possible. We will do what we can to keep up the ordinary board work as usual.

Home insurance

It is important to have a home insurance that can cover costs and assist during unexpected events. Take the time to look over your insurance cover.

Are you subleasing? Remember that you need your own home insurance. The insurance of the landlord does not cover your stuff or needs.

Engage in the association!

The nominating committee is constantly on the look for dedicated people who are willing to contribute to Fanö with their knowledge and skills. If you are interested in working as a Fanö board member? Or perhaps helping out in the nominating committee? The leisure committee? Then you are most welcome to contact us at: valberedning@fano.se

Electronic garbage

The garbage room for electronics are there to ease disposal of small electronics for us members. Recently there have been other stuff left in there, for example household waste and actually a safe. This misplaced garbage creates costs for us as an association and us members in the end.
