Cleaning day 9th of May

On Sunday the 9th of May we have the spring cleaning day. Like the previous two occasions, there will be no coffee due to the current situation, we hope to be able to resume it in the autumn.

Containers for rubbish (not hazardous) will be in the middle of the association between 10:00 and 13:00.

Cleaning in bicycle sheds

In connection with the cleaning day, we will carry out a cleaning among the bikes in the bike sheds. We will mark each bike with a note, **that note needs to be removed before 9th of May** for the bike to remain.

We will also look at whether there are more bicycles than expected in each shed. If there are too many, it will be difficult to get the bikes in and out. If we find a shed with too many bicycles, those affected will be asked to fix it, otherwise we will remove the surplus on the cleaning day.

Notify neighbors when renovating

Remember to notify your neighbors when doing work that generates sound, such as renovating. A note in the stairwell with who does what and when it is expected to be ready increases the understanding of the disturbances. Keep in mind that even semi detached houses that are next door to the stairwell are affected.

Thank you for paying on time!

From the board, we would like to thank all the members who, month after month, pay the various fees on time. It is a tedious task for us to send reminders when someone is late with their payment.

Thank you for taking care of it so well!

Booth for electric waste

The booth for electric waste is there to make it easier for us members to get rid of smaller electrical waste. Recently, things that doesn't belong there have been dropped off, like household garbage. This incorrectly placed waste creates unnecessary costs for the association and us members.

Our homepage

We have a website that you can find at <https://en.fano.se>. Here you will find a lot of useful information and a good place to start looking for answers to questions you may have.

We try to keep it updated and filled with answers to recurring questions. If there is something you think should be there, send an email to the board.
