## Sorögatan 29

The work has proceeded according to plan and we are in control. Currently, we are waiting for the windows to the stairwell. After they have been constructed and mounted people can start moving back in.

Then remains some paint-work and restoration of a few more damaged apartments, but this can be done while other people are living in the building.

## Annual meeting

The board has decided to go forward with the annual meeting as planned, May 28 at 18:30 in the dining hall of Kvarnbackaskolan.

Invitation and annual reports will be posted and handed out in the near future.

To minimize the spread of the infection, anyone with any symptoms shall stay at home.

We also wish that only one person per apartment attend, to minimize the number of participants.

We will remove the item "Information from the board" from the agenda to keep the meeting as short and efficient as possible.

We understand that there might be some desire to ask questions regarding what happened in number 29. We will hold a meeting for members in the fall, around August or September (if the conditions allow) to give you the opportunity to ask those questions (and others).

We also want to ensure you that because we have a good economy, it is not risked despite some increased costs due to the blast.
