Sorögatan 29

On Friday, May 29, the majority of residents finally moved back after just over four months. There is some remaining repair work on the outside and the stairwell should be painted, but it can be done while people live in the house.

Some work remains in some apartments and residents will move in as soon as it becomes completed.

Annual meeting

Thank you to those who participated and thank you to those who took responsibility and stayed at home for various reasons. The meeting was conducted quickly and smoothly without any controversy.

We thank Marianne Persson and Jens Ehrens who step down from the Board after several years of commitment.

We also welcome Sara Norgren and Kristian Rosenqvist as newly elected.

We, a total of seven board members, will do our best to manage our association. You can reach us at styrelsen@fano.se.

Member meeting

As we previously informed about, we have an ambition to hold a member meeting after the summer when conditions allow it. This is to be able to account for the work around the 29th and what it cost. This is also an opportunity for other general questions that you may have.

Kvarnbacka School renovates

Starting on June 10th, the school yard at Kvarnbacka School (our neighbor) will start renovating. This is a fairly large project that is expected to go on during the summer. Among other things, this will involve transports on the Ärvingegången.

Renoveringar

All renovations involving water, drains and / or kitchen fans (ventilation) MUST be approved by the Board before they begin. This is so that the board is sure that the renovation is done correctly and that you avoid any costs regarding tearing and / or moisture damage.

Fill in the form for the renovation application, submit to the board and wait for answers before the renovation begins. The form is available on the website: <https://en.fano.se/renovation/>

Happy summer!

We on the Board wish you a happy summer!

The next issue of Fanö News comes in the middle of August.
