### **The project Joint electricity**

As some have seen, the announcement of the installation has come up. This means the electricity will be turned off for a few hours during the day when the electricity meters are replaced.

You still do not have to do anything but your electricity contract is terminated automatically and in the future, your electricity consumption will be reported and paid for via the notices you receive from HSB with the fee to the association.

### **Tire storage**

NOTE! Last month the dates in the English letter were wrong, the Swedish ones were correct. This contains the correct version:

The opening hours for the tire storage this spring has been set

- Thursday, 24/3, 18-19:45 (NOTE!)
- Sunday 27/3, 10-12
- Thursday 31/3, 18-20
- Sunday 3/4, 10-12

Access outside these times is booked through [dack@fano.se](mailto:dack@fano.se) and costs SEK 200 per occasion.

If you want to queue for a place in the storage room, send an email to the same address with your name, telephone, and your apartment number.

### **Shelter**

Due to what has happened in Ukraine, the interest in shelters has increased significantly. If you have looked at MSB's map of shelters you can see that there is one in our association. It is about half the garage in the 95 that is reinforced, has ventilation, and can act as a shelter.

You can read more about shelters on MSB's website (Swedish):

<https://www.msb.se/skyddsrum>

### **Bahnhof**

The latest news is that Bahnhof will take over the internet connection on March 28 (we wrote on April 1 in previous mailings). During that day, you should not expect the internet connection to work properly. If you require a stable connection, for example for your work, then maybe you should sit in another place, have a mobile connection in reserve, or similar.

We are aware that this change can be complicated for some, if you have any questions, you are welcome to contact [styrelsen@fano.se](mailto:styrelsen@fano.se) and we will help as best we can.

### **Cleaning day**

On Sunday the 24th of April we are having the spring cleaning day. Cleaning of our bicycle sheds, tidying in our association, some coffee and being able to throw rubbish in containers. More info coming closer to the weekend in question.
