

Cleaning day

The autumn cleaning day is planned for October 23rd. Then there is the opportunity to throw away rubbish, meet neighbors and take care of our outdoor areas.

Glazed balconies

For damage to glazed balconies in the terrace houses (Sorögatan 67 and 95), the association is responsible for costs, but the resident is responsible for reporting it to Nordstaden.

For glassed-in balconies in other houses, the resident is responsible for ensuring that these are in approved condition and do not pose a danger, for example that panes are broken or at risk of falling down.

Error reporting

If you discover anything wrong with the association, such as broken lights, a stairwell door that cannot be closed, or perhaps a loose fence, then you should report it to Nordstaden!

You can do this by phone or on their website:

- 08-587 801 00
- <https://nordstaden.se/felanmalan/>

Garbage (again)

The board and our contractors take care of the rubbish that is left outside stairwells, at the garbage chutes, in the electrical shed or at the bicycle sheds, and put it in a storage room, until it is time to order a container.

The amount of rubbish has recently increased significantly, what you see in the picture below is all that has been left in the compound in the last two months. Handling costs both time and money, which we would rather invest in more developing things.

Historically speaking, we have had one opportunity per semester with containers and we now tested having an extra opportunity in the fall.

Feel free to use the electrical booth (booth number 42, facing Sorögatan on the long side of the 95 towards the middle guest parking lot) where you can drop off small electrical items for recycling, such as a toaster, computer or a small TV..

You can throw a lot in the garbage chutes, provided it is packed in bags that are tied properly and the package is not too large.

If you can't remove it yourself, ask a neighbor for help, wait for a cleaning day or use a service such as Tiptapp.
