

Nr. 10, November 2022 | Distributor: The Fanö board | en.fano.se | styrelsen@fano.se

Fire alarm

During the fall, it's time to change the battery in your smoke alarm. A smoke alarm can save both life and property, so make sure it works by testing it once a quarter!

Error reporting

If you discover anything wrong with the association, such as broken lights, a stairwell door that cannot be closed, or perhaps a loose fence, then you should report it to Nordstaden!

You can do this by phone or on their website:

- 08-587 801 00
- <https://nordstaden.se/felanmalan/>

Tire storage

In the association, there is a storage room for storing car tires. It costs nothing to have your tires there, but there is only room in the racks for about 50 sets. If you want a place for your tires, send your apartment number, phone number, and name to dack@fano.se and you will be placed in the queue.

The storage is open on four occasions per season where you can come and pick up or drop off tires. If you want access to the storage outside these times, you book it via dack@fano.se and then have to pay SEK 200 per occasion.

The remaining dates are:

Weekday	Date	Time
Thursday	Nov 10th	18:00-20:00
Sunday	Nov 13th	10:00-12:00

Renovation

Thanks to the long-term work with the preventive maintenance of our properties and a focus on reducing costs, the board has once again had the opportunity to leave the monthly fees unchanged.

Welcome to Wednesday fika!

Now we start Wednesday fika! Come to meet and get to know your neighbors, talk, practice some Swedish, knit, solve crosswords or similar. We start with three meetings followed by a Christmas break;

- 16th Nov
- 30th Nov
- 14th Dec

The door opens at 18 and we offer coffee, tea and lemonade. We close at 20.

Renovation

We would like to remind you of the importance of reading the information that is available and filling in an application if you intend to make a renovation of the home. This procedure has saved the association large costs as we can ensure that qualified contractors are used and that industry standards are followed. One of the most common causes of water damage (which is the most expensive type of damage) is that work has been inadequate. So if you are going to renovate, read the information on the website first and if you have any questions, you are welcome to contact us at styrelsen@fano.se
