### Get involved in the association

The nominating committee is constantly watching open for committed residents willing to contribute their skills and work for the association's good. You can contact the nominating committee at [valberedning@fano.se](mailto:valberedning@fano.se).

### Electricity support

There is a lot of information about the electricity subsidy that has been decided by the government. What we do know is that we as apartment owners, we will not receive any direct support, because at the cut-off date we did not have our own electricity contracts.

The board together with HSB monitors the issue when it becomes relevant for us as an association to apply for and receive some support.

### Renovation

Laws relating to the renovation of apartments have been tightened at the turn of the year. HSB and others are investigating what this means and more information will follow.

Carrying out a change in the apartment without permission may mean that you will have to restore it at your own expense.

If you want to carry out a renovation, read what currently applies on our website and apply before you start:

### Tire storage

In the association, there is a storage room for storing car tires. It costs nothing to have your tires there, but there is only room in the racks for about 50 sets. If you want a place for your tires, send your apartment number, phone number, and name to [dack@fano.se](mailto:dack@fano.se) and you will be placed in the queue.

The storage is open on four occasions per season where you can come and pick up or drop off tires. If you want access to the storage outside these times, you book it via [dack@fano.se](mailto:dack@fano.se) and then have to pay SEK 200 per occasion.
