Get involved in the association

The nominating committee is constantly watching open for committed residents willing to contribute their skills and work for the association's good. You can contact the nominating committee at valberedning@fano.se.

Cleaning day

The spring cleaning day is scheduled for Sunday, May 7. We take the opportunity to meet neighbors over a coffee, take care of our association a little, and then there will be containers to be able to throw away rubbish.

This year we will also go through the bike sheds. All bicycles that are in the sheds will be marked beforehand and if you want to keep the bicycle in the shed, you need to remove this note before the cleaning day.

More info will come in a separate message.

Garbage shutes!

Sometimes we get a stoppage in the garbage collection system. The most common reason by far is that someone has thrown an oversized object into the shute. For example, cardboard boxes, sticks, Christmas trees, and such items. Put all garbage in bags that are well closed up and we will minimize these blockages which create an inconvenience for us residents as well as a cost when the contractor needs to come out and fix it.

Wednesday coffee

The gatherings on Wednesdays continue. A way to meet neighbors from different parts of the association, sometimes someone from the board is there and can answer a few questions.

Welcome to the board room at 18.00 on Wednesdays even weeks!

Tire storage

In the association, there is a storage room for storing car tires. It costs nothing to have your tires there, but there is only room in the racks for about 50 sets. If you want a place for your tires, send your apartment number, phone number, and name to dack@fano.se and you will be placed in the queue.

The storage is open on four occasions per season where you can come and pick up or drop off tires. If you want access to the storage outside these times, you book it via dack@fano.se and then have to pay SEK 200 per occasion.

Renovation

Laws relating to the renovation of apartments have been tightened at the turn of the year. HSB and others are investigating what this means and more information will follow.

Carrying out a change in the apartment without permission may mean that you will have to restore it at your own expense.

If you want to carry out a renovation, read what currently applies on our website and apply before you start:
