

June 2023 | Distributor: The Fanö board | en.fano.se | styrelsen@fano.se

Annual meeting

Thanks to everyone who attended the pre-meeting and the annual meeting! To summarize that the association's finances are good. Two people have left the board, Sara who has moved, and Bernt who unfortunately passed away earlier this spring. We thank them for everything they have contributed to the association. At the same time, we welcome Lars as a new board member.

The electricity price

We still see no need to adjust the electricity price of SEK 2.5/kWh including everything.

Electricity support

We understand that there are many questions about the electricity support that are again on the agenda. We have just received information from HSB and are looking at how to go about applying for it at the Swedish Tax Agency. We will get back to you when we have more information on the situation.

Wednesday fika

The leisure committee thanks everyone for their participation during the spring. The meeting the day before the annual meeting was the last before the summer and it will restart on Wednesday, August 23 (week 34).

Barbecue

This year's barbecue season has begun and we remind you to read Fanö's safety rules. You can find them at <https://en.fano.se> under "Fanö A to Z". Please be considerate of your neighbors when barbecuing, don't expose them unnecessarily to smoke and ooze. The grill must be placed at least five meters from the house wall. Grilling on balconies is only permitted with an electric grill.

Summer!

The board has had its last meeting before the summer. Holidays can mean that response times to emails and so on can be a little longer.

If you need to report an error, contact Nordstaden on 08-587 801 00.

Enjoy the lovely summer weather. Be considerate of your neighbors when it comes to renovations, dinners and parties, barbecues, and so on.

Finally, the board would like to wish everyone have a really great summer!

Arne, Jens, Binas,

Kristian, Lars, Stefan
