Cleaning day

On Sunday the 29th of October, we will have the autumn cleaning day. We will set up containers where you can throw away rubbish, we help make our surroundings a bit nicer and we offer some "fika" where you can meet your neighbors. More info will come closer to the weekend in question.

Apartment checkup

During the autumn, the board's ambition is to carry out a small checkup of all homes in the association. This was done about ten years ago with the intention of finding, above all, wet rooms with deficiencies so that we can ensure that they are remedied. Water damage continues to be one of the greater financial risks we have as an association.

Information on exactly when and how this will be done will be sent separately in the future.

Wednesday fika

After a summer break, the meetings on Wednesdays of even weeks have resumed. Welcome to the meeting room at Sorögatan 45 (entrance from Ärvingegången) at 18:00 for coffee and socializing. This takes place on Wednesdays in even weeks.

Renovation

If you want to carry out a renovation, read what applies to you on our website and submit an application before you start.

Tire storage

In the association, there is a storage room for storing car tires. It costs nothing to have your tires there, but there is only room in the racks for about 50 sets. If you want a place for your tires, send your apartment number, phone number, and name to dack@fano.se and you will be placed in the queue.

The storage is open on four occasions per season where you can come and pick up or drop off tires. If you want access to the storage outside these times, you book it via dack@fano.se and then have to pay SEK 200 per occasion.

This autumn we are open on the following occasions

Day	Date	Time
<i>Thursday</i>	2nd November	18:00-20:00
<i>Sunday</i>	5th November	10:00-12:00
<i>Thursday</i>	23rd November	18:00-20:00
<i>Sunday</i>	26th November	10:00-12:00

Error reporting

If you discover something wrong in the association, such as broken lights, a stairwell door that cannot be closed or perhaps a fence that is loose, then you must report it to Nordstaden!

This is also where you turn for urgent problems in your home, for example in case of water damage.

Urgent problems should be reported by phone, but minor problems can be registered via the website.
