Cleaning day

Sunday, May 5, it's time for the spring cleaning day. This time we have some tasks that we perform together. As usual, there will also be two containers to dispose of bulky waste in. To give more space for bulky waste in particular, packaging is referred to the recycling stations found in Kista.

More info will come in a separate mailing as the occasion comes closer.

Mandatory ventilation inspection

By law, the association must regularly carry out mandatory ventilation inspections, OVK (Swedish abbreviation). This means that a contractor needs to enter each apartment and measure airflow. The association has hired Flexibel, who will leave notes in the mailboxes with information about which day they are coming. If you can't be at home during that time, it will be possible to leave the keys in the morning.

It is mandatory to give them access!

They will make two attempts to enter the apartment, if a third (or more) is required, the tenant will be charged SEK 1,500 per occasion.

Get involved in the association

The nominating committee is constantly watching open for committed residents who are willing to contribute their skills and work for the good of the association. You can contact the nominating committee at valberedning@fano.se.

Annual meeting and pre-meeting

On Thursday, May 23, the association's annual meeting will take place in Kvarnbackaskolan's canteen.

The week before, on Thursday, May 16, we have a pre-meeting in the boardroom where you will have the opportunity to ask questions to the board. This is so that the annual meeting itself can focus on the financial issues and the elections.

Tire storage

In the association, there is a storage room for storing car tires. It costs nothing to have your tires there, but there is only room in the racks for about 50 sets. If you want a place for your tires, send your apartment number, phone number, and name to dack@fano.se and you will be placed in the queue.

The storage is open on four occasions per season where you can come and pick up or drop off tires. If you want access to the storage outside these times, you book it via dack@fano.se and then have to pay SEK 200 per occasion.

The remaining occasions are:

Weekday	Date	Time
<i>Thursday</i>	11 April	18:00-20:00
<i>Sunday</i>	14 April	10:00-12:00

Renovation

If you want to carry out a renovation, read what applies to you on our website and submit an application before you start.
