OVK

Everyone who has defects in their home that need to be fixed has now received a visit from the board or a letter in their mailbox (if you didn't open). The deficiencies need to be fixed by 31 October 2024 at the latest in order for us to proceed with other work.

Once that work begins, it is still important that the technicians are given access when requested.

Laundry room

Unfortunately, we have had an incident where unauthorized persons have entered one of the laundry rooms due to a window being left open. It is your responsibility to ensure that the windows are closed when you leave the laundry room.

Stroller room & bicycle sheds

It is not allowed to store things in the stairwells for fire safety reasons. Instead, there are storage rooms where you can store strollers and walkers.

Likewise, there are red sheds around our association where you can store bicycles to protect against theft and the weather.

To gain access to these, you need to send an email to cykel@fano.se, containing your name, apartment number, phone number, and what you want. Then a contract is written and a deposit is paid, which is refunded when the key is returned.

Digital queue

Now we have finally started with the digital queue for parking and garage spaces. A while ago, information was distributed in all mailboxes about how to go about joining the queue and how to show interest in a place.

Tire storage

In the association, there is a storage room for storing car tires. It costs nothing to have your tires there, but there is only room in the racks for about 50 sets. If you want a place for your tires, send your apartment number, phone number, and name to dack@fano.se and you will be placed in the queue.

The storage is open on four occasions per season where you can come and pick up or drop off tires. If you want access to the storage outside these times, you book it via dack@fano.se and then have to pay SEK 200 per occasion.
