Install thermometers

As part of the work to improve the heating situation, the board has ordered thermometers that we intend to install in all apartments. This is to get a good picture of the situation in our properties and to see if the measures we take have any effect. As soon as we get these delivered, the board will go around and set them up in the foyer.

Contact details at HSB

The HSB portal (www.hsb.se, log in with BankID) contains contact information for each member. Please log in and verify that yours are correct, as this makes it significantly easier for the board and HSB if we need to get in touch with you on any matter.

"Christmas rubbish"

After Christmas, there is often a lot of paper waste and a withered Christmas tree. Please place the Christmas paper in normal household waste bags and tie it up before throwing it in the garbage chutes.

Your Christmas tree can not be thrown in the garbage chutes or thrown from the balcony. You are responsible for getting it to a recycling center.

Live candles

Now that darkness is creeping in earlier in the evenings and Christmas is approaching one might light up candles to raise the mood.

Remember to turn them out before you leave the room so we avoid fire accidents.

Lucia coffee

We continue the tradition of inviting our members to glögg and fikabröd in connection with Lucia. This year we'll host it on Wednesday 11 December from 18:00. You are then welcome to the board room at Sorögatan 45 (entrance from Ärvingegången) to socialize with neighbors and have the opportunity to ask questions to the board. Welcome!

Fire alarm

During the fall, it's time to change the battery in your fire alarm. A fire alarm can save both life and property, so make sure it's working by testing it once a quarter!

Fireworks

Keep in mind that the rules for fireworks have been tightened. Show consideration or your neighbors and animals by not using pyrotechnics in our area.
